

## College Refresher Course

## Course Syllabus

**Instructor:** Tyler Wallace

**Office:** 1228

**E-mail:** tylerw@bigbend.edu

**Phone:** (509) 793-2154

**Credits:** None

**Term:** Winter 2010

**Class Mode:** Lecture/Lab

**Office Hours (in person or over internet):** Mon – Thur 1:00-2:05

**Course Description:** A review of basic math skills in preparation for the BBCC math placement test.

### Course Goals:

- To reinforce the mathematical skills required to work with real numbers
- To enable the student to apply mathematical skills to solve applications problems
- To introduce students to the beginning algebra topics of signed numbers, algebraic expressions and equations

**Prerequisite(s):** Attend an orientation either on December 11, 2009 or January 7, 2009.

**Text:** Worksheets as provided by the instructor

**Attendance:** Attendance at each class session is expected. If you cannot attend class you are expected to watch a video of the course at the course website: <http://bbccwallace.wikispaces.com>.

**Evaluation/Methods of Grading:** While grades will not be assigned in the class, exercise problems will be assigned each day to allow practice and mastery of skills. These will not be required, but highly encouraged.

**Calculators:** Calculators are not needed for this course. However, a basic non-scientific calculator may be used.

**Online Classroom:** This quarter you have the option to attend class live over the internet. The link to access the online classroom is found at <http://bbccwallace.wikispaces.com>. If you plan to use this feature often it may be a good idea to bookmark the link. You may have to install some software the first time you log in.

**Special Needs:** Any student who feels he or she may need a reasonable accommodation for any type of disability, please make an appointment to see me during office hours. You also want to contact Disability Services as soon as possible. The disability must be documented in order to receive accommodations.
